## **Severe Weather Arrangements**

Dear Parents and Carers

With weather conditions predicted to worsen over the coming days, we thought we would take this opportunity to update you on our procedure should we have to take the decision to close the school due to bad weather.

Following a significant snowfall over night, a decision would be taken the following morning as to whether to open the school. Should we make the decision to close the school all parents and carers would be contacted by text message using the school messaging service (Teachers 2 Parents)

The school will inform B&NES Council, who will update the closure on their website (<http://www.bathnes.gov.uk/school-closures>). All school transport (from all counties) will also be informed.

If you don't currently receive regular texts from the school, it may mean we don't have a current mobile telephone number for you. Please contact the school to update us with your details. It is essential that we have an alternate person to contact should you not be available for any reason.

If the weather worsens during the school day and we make the decision to close the school early we will call all parents and carers to confirm someone will be home before contacting transport to arrange an early pick up.

Yours Sincerely

Jo Stoling  
Headteacher
